Giveaways for the golf enthusiast

If there something golfers are good at, and that is frittering away things... balls, tees, pitchforks, ball markers... everything eventually disappears. Often are your things found by others - and then is it perfect that your logo appears on the item. Flexibility is our strength - you choose yourself how you will combine and brand your golf accessories.

Flexible
We have put together even more suggestions for start-kits, so called "Goodie Bags". But you are also welcome to create your own. Be flexible and think outside of the square! Tees and accessories are highly regarded but who would not appreciate a sun lotion, a shoe horn or something else practical in their Goodie Bag? Things you miss and have forgotten to put away.
Pages 34-35

Pick-up
It is the small details which makes the difference. The 10 cm deep hole on the green is very deep for many. The Pick Up, which fits all putters, makes it easier.
